On the day all our athletes performed above & beyond, the team spirit flourished & every single team member of the squad came away with a cherished 2021 British Inter County Fell Running Championship medal.

A special thank you must go to all our reserve athletes who were on hand to race if so needed for the team. The depth of talent in Yorkshire is envied by other counties, we had loads of club athletes beating other county athletes such is the strength of Yorkshire.

We are so proud of every one of you who competed in the famous Yorkshire vest, all the Yorkshire flags and the ringing of the cowbells makes it all so special. Of course the finale is always our Grand Prix champagne style celebrations, even though it was a little muted due to no official prize giving taking place this year, it is always the cause of amusement & a little envy by the onlooking counties & athletes.
