

Well, that was a 'Reet Gud Do'

In the men's team event we struck Gold!

An absolutely amazing result, especially since the whole team were making their first appearance in the coveted famous Yorkshire vest. Cumbria thought they had it with their 'Big Guns', but they were blasted aside with Nathan Edmondson leading Yorkshire home in a stonking 5th place, then the Yorkshire steam train rolled in to the finish with 6th Jack Cummings, 8th Ben Rothery, 9th Kieran Savage and 14th Alex Mason - Destination Team Gold and 2022 British Team Champions.

In the Women's team event, wow, what a result, Cumbria like in the Men's race had an incredible squad, but our Yorkshire lasses showed the grit and determination we know and love of them. Katie Walshaw in 4th place spear headed the team to well deserved Silver medals with 6th Helen Glover, 7th Becky Penty, 11th Emma Hopkinson and 30th Alice Gamble.

In the U23's both Alex Mason and Alice Gamble finished 4th in their respective races, like Alex, Alice was representing Yorkshire for the first time. It was a great day, everybody played their part, no one disappointed and this certainly showed in the Yorkshire celebrations at the end of the prize giving!

Thank you all
