

WOW, what a spectacular end to the year and the noughties! World Triathlon Champion and Triathlon Man of the Year, Alistair Brownlee, showed he can still mix it with the best in fell running, seeing off a star studded field and more impressively breaking trail through the worst of the snow drifts on the summit ridge of the changed route. The original race route was used because all the bridleways on the route towards Bronte Waterfall and then Top Withins Ruin were sheets of ice and unrunnable, unless you were going to compete in 'Dancing on Ice', or felt the need to break some bones! Whereas the original route is more on the moorland via paths, which were just snow covered, although the route from the Top O' Stairs to Oxenhope Stoop was virgin snow with numerous drifts to negotiate, making it a fell runners' dream – the more challenging the better. This route was last used in 2003 when Ian Holmes ran the record of 34-01 to win the race for the eleventh consecutive year. Penistone Hill has never looked so picturesque with the ice and snow being such a sharp contrast to the beautiful blue skies, add to this, the skirl of the pipes being played by young Callum Carslaw, the hustle and bustle of noise that only runners can produce, this was the place to be on New Years Eve 2009. 382 runners sped off at speed after the traditional guest starter Louis Holmes, dressed as Superman, a tribute to his dad, Ian, said the magic words, **'GO ON THEN'**. 21 year old pin up, Alistair, who is gracing the cover of several sporting magazines made his move to victory along the ridge, and by the Stoop checkpoint had ten seconds on the chasing group of brother Jonathan, twice winner and normal route record holder Andi Jones, 2006 winner Simon Bailey and 'old faithful' Ian Holmes. By the beck crossing after the eventful snowy descent Ian had caught Alistair, but it wasn't long before Alistair began kicking for his second victory here, which veteran Ian 23 years his senior had no response to, but he did have enough in his legs to keep European Junior Triathlon and runner up in the World's, Jonathan at bay. With these three athletes all representing Bingley Harriers the team prize was easy to work out, before the rest of the weary runners descended into the finish, and then realised how cold their hands and feet were, but they soon got the feelings back after a cup of coffee.

It was a battle of two halves in the ladies with reigning Yorkshire fells champion, Emma Clayton, leading until halfway along the snowy ridge. 'It was just crazy, deep snow and I never knew how deep it was. I hated it. It was horrible. I am so mad with myself for losing it there, Olivia just strolled past me,' said 21 year old Emma, who starts her new PE job on Monday at Wibsey Primary School. Emma was also disappointed she didn't beat her U18 record time from 2003 of 48-32, being 33 seconds slower, but then when you think only the first three men broke the ladies record set by Sarah Rowell some 14 years ago of 40-05, it puts what the conditions were like in to perspective, incidentally Saz was our Stoop checkpoint marshal. Emma has had a very, very good year, senior English Bronze medallist, fourth in the senior British, U23 champion at English and British and has been rewarded with two senior English vests, wearing one to finish third at Mount Snowdon; she has also improved her 3K and 10K times by 30 seconds each, to now 9-52 and 36-22. Add in to the mix senior Yorkshire champion and U23 champion, plus being a part of the Yorkshire Inter County golden girls team victory at Hutton Roof, what more could a girl ask for! Olivia, the 2009 Inter County fells champion said, 'it was a steady start, I was trying not to put pressure on myself, and to just see how it went, because over Christmas I have been injured, and it was only a jog the previous day that tipped the balance for me to run, although I had been cross training. The ridge was enjoyable, I love running in snow and even deep mud, although at times when overtaking you just never knew how deep the hard snow was.' A librarian at Kings School in Macclesfield, Olivia's name is now on the Daleside beer pump trophy three times, 2006, 2007 and 2009, and of course she is the record holder for the normal course. Her year has been a very mixed one, a great early season with fourth in the Southern and a tenth in the National Cross Country Championships, with a 10K pb of 34-53. But later colds etc took their toll, although making the Commonwealth Games team in Keswick was exciting. In third hot on the heels of Emma was Australian born Sarah Ridgeway-Kleeman, winner of the 53 mile Highland Fling, who has run in the World Mountain Trophy and is now a Welsh international. Sarah won the Giants Tooth race the day after ALS. Having run in so many junior Quarry Runs, it was great to see 17 year old Nichola Jackson of Preston finish fifth overall and win the U18 prize in her first senior outing on these moors. The beer and chocolates team prize went to the ladies of Ilkey with Alison Eagle, Sally Malir, and Kate Archer.

This event is about serious racing for some, but also about end of year fun and celebrating for others, so Louis Holmes' first job was to decide the fancy dress winners not an easy task we may add with so many, but Werewolf - Paul Crabtree, Skeleton – Andy Nicholl, Leprechaun – Steve Turland, Shaun the Sheep – Sue Roberts, Punk Rocker – Caren Crabtree and Christmas Parcel – Mick Green all won Heroes chocolates, for being heroes. Renowned P&B fell runner and artist, Shane Green who finished 32nd added a surprise extra to the winners prize haul, by presenting Alistair and Olivia with two framed running etchings at the beer come chocolate prize giving, where the race video entertained the packed Old Sun Hotel. To celebrate the year end and get everyone in the festive mood for the evenings revelry to come, all entrants were presented with a bottle of **Yorksires Finest Ale – Daleside Old Leg Over**, which this year had either a neck label of Andi Jones or Blue Haywood as tribute to them for winning last year. On that note because this race was pre-entry for the first time ever, anyone who for whatever reason missed this years entertaining, snowy adventure can pick up their bottle of Old Leg Over at the Soreen Stanbury Splash race on January 24th. A few runners did manage entries after the closing date, Gareth Hird and Ian Ferguson among others, HOWEVER that was because they provided marshals for the course, remember without the help of others race organisers can't put the events on for you to enjoy. **SUPPORT YOUR RACE ORGANISERS – THEY ALWAYS NEED YOU!**
