Many thanks to all who helped too numerous to mention but if it wasn't for these unselfish people the race wouldn't exist. Anybody's conscience pricking them, can give us a ring reference Stanbury. Sorry about the weather, but that as they say was in the lap of the Gods. 26 year old, Ian Holmes improved on 2nd last year, before jetting off to the Italian southern Tyrol and taking up his post as Ski Instructor. Devine 4th at the boundary stone turn, leapt the finish gate in better style than Hinchcliffe and Maloney. New records were seen in double amount of entrants, Don Ashton's 0/50 and Carol Greenwood's ladies time. Infact 5 ladies beat the existing 44-06. Chances are the race is here to stay, if of course you want it ?!.....
